“ *I have known Joann for at least 20 yrs. Our daughters Elizabeth and my daughter Jamie meet in kindergarten and have been best friends ever since. If you see one, you see the other. Joann would pick up Jamie for church and church activities. And sleep overs. I have seen her go through her highs and lows of life, which we all have, but she always kept her faith in Jesus Christ. Now she is with our Heavenly Father with no more suffering. Love you my friend and until we see each other again. RIP*
