“ *I worked with Joan for many years. She was such an inspiration to me. She was well respected and dearly loved. My biggest memory of Joan was her Love for her children and her compassion for her employees. She will be dearly missed.*

“ Joan had to talk with me once about a patient complaint and she was so patient and kind and humorous. She made her Mark for life on me and I will always remember her. She will be sorely missed by a lot of Nurses she groomed. Thank you boss for the memories!
