“ *I was sorry to hear about Joe, he had worked with my dad when he was around 17 yrs old while working with the government during the fire ant spraying. He came by the house about 2 months ago to ask about my dad and my brother told him our father had passed away. Joe said he was sorry that he had thought a lot of my father. I was Monroe today and learned through Tommy the news. Well,they are together again telling their stories..God Bless both of them.*

“ Thoughts and prayers go out to his family. Joe was a great guy to be around . He lived down the road from my parents house. He always waved when he went by my dad's house. When he found out about my dad having cancer Joe would come by and check on him every few weeks. He always came up there and tried to cheer my dad up and motivated him. I don't know of a better hard working ,kind , cheerful person than Joe was. I found out tonight and it broke my family's heart. We will miss him and we are praying for the family.

“ To the family of Joe Baccus. One in particular his daughter Lisa. Never to take away the hurt of his wife and son, however, I have known Lisa since Jr. high and of course through time Lisa and I haven't seen each other in many years. Lisa was a very sweet, bright , beautiful young women then and still is today. These qualities and her contagious personality, I am quite sure she inherited from her father Joe. May God be with you all.
