“ *So sorry to hear of your father's death. Even though we live across the street, we just recently got to know your dad. He was a very interesting person. I (Robin) enjoyed his stories about places he had visited and his wish to see Frank Lloyd Wright designed houses across the country. Just wanted you to know that we think fondly of John and imagine that he and your mom are now together in Heaven.##imported-begin##Roger and Robin Grimmatt ##imported-end##*

“ Dear Family of John,
I was saddened to hear of John’s passing. I was a client of John’s for a number of years, although we met on only a few occasions. John helped me to navigate the complex paths of the computer world, and he made my work life much easier than it would have been otherwise. I was working on site downtown and John was assisting; when we finished up and took a lunch break, I intended to split the check, but he insisted on paying. In my work experience, I don’t often run into folks who are both a pleasure to work with as well as just nice human beings. John was both.##imported-begin##Andy Weiskoff##imported-end##

“ So sorry to learn of John's passing. I got to know John as one of his clients when I lived in Alpharetta. I moved from Georgia in 1997 and now live in Utah, but I want to reach out and let you know I appreciated your father's good work and his enjoyable personality. I was not aware of his most recent health challenges, but I know God provides a way that we can continue our relationships after this life. I trust John will find joy and peace in the opportunity to see his wife Patricia again. My sincere condolences as you deal with your loss.##imported-begin##Brett Pyne##imported-end##

“ I'm so sorry for your loss. John was my computer guru for 20 years. I had a graphics business for 20 years and I never could have made it through those years without him. He was a very generous person to work with and always gave me a good laugh. I have been out of the business and haven't seen him for 4 years but I frequently have thought about him. I'm saddened to hear that he lost his battle with his health problems. I will always remember him fondly.##imported-begin##Jan Bolgla##imported-end##

“ Our friendship goes back to the days of the Stone Mountain Users Group, or SMUG as Gene Smith and I insisted it be called. We went through a lot of good times and rough times together, the first Intec, and the hurdles that hindered our dream. We made it. Goodbye John

“ Will so miss John, I have know him for over 15 years-beginning with his working on the MAC's at Walk Thru the Bible and later when I bought my last 2 computers from him.
