“ Bill and I have always thought of Johnny and Betty as family. Bill recently had a serious heart attack and was in the hospital several months. Johnny and Betty called me every night to see if I needed anything and to get the latest report on Bill. We would laugh together and we would cry together. He was so kind and comforting to me during a time when I needed it. We formed a bond that I will truly miss. I remember in the first days at the hospital when we did not know if Bill would survive Johnny and Betty came all the way to Athens just to sit and have prayer with me. It meant so much to me. They both are truly wonderful people. Bill is still trying to come to terms with the lose of one of his best friends and his heart is broken. I know that Johnny would want us to watch after his mom and that is what we will do. Please pray for Miss Betty she has some hard days ahead and she will need our support. We love you Johnny and will see you again one day.

“ *In loving memory of Johnny Hopkins Jr., John was one of the most loving and caring people I ever met. Over 15 years ago, when I met this family & we instantly became connected. John's love for cars, bikes, knives, plants and his mother will forever be etched in my memory. To Betty, his 2 beautiful aunts that I met yesterday, and the rest of the family I extend my deepest sympathy and prayers. May God strengthen you during this difficult time. So dearly loved. So sadly missed. God bless.*
