“ It has taken me this long to write because my heart was saddened by the selfishness of friends & family of John and I have been deeply hurt by them. I had to go down many roads to even find out if John was buried or cremated, as was his wish. If not for the help of complete strangers in Georgia, I may never have found out!

John & I have been friends since right after his wife passed away. I met John when he came in as a patient in our practice & we immediately became friends. He has been a part of our family since then and was loved by my parents, as well as my brothers, too.

Our lives have been much like that of the movie with Alan Alden, "Same Time Next Year", and he has shared all of the trials and happiness throughout the years with myself and our two girls, Teri & Crystal, and then with their families. He was here for their births, their graduations, their marriages, and the births of most of their children. They are also very hurt as to the way I have been treated since his death, but I have assured them that they should forgive. What goes around, comes around, and we can just be thankful that John did not know of this selfishness in his friends while he was still alive. His heart would have been broken, as he always spoke very highly of them and depended on them to complete his life.

John will always be in my heart & in the hearts of his girls. We were able to spend nearly a week together about six months before he passed, and I will never forget the love we share all these years. He was a true friend and I hope that I have been same to him. I would never

Anyway, I pray, not only for John, but for the souls of his friends and family in Georgia. May God forgive you all for the wrong you have done to me & the girls.....it has taken me a while, but I have.

Thank you, John, for all the love & happiness you have given us over the years. You will always be in our hearts and in our lives. We love you deeply.

“ *You probably don't know who I am, but Johnie was my first love and we were going to get married back in 1964 and he had my nickname on his arm Dinkie, I will always have a place in my heart for him.*

I'm so sorry to hear about Johnie, now he resting in peace and at a wonderful place.

I will keep all of you in my prays, and may God be with you today. I wrote a story eighty eight pages long about Johnie and me, called My First Love, his mother kept it when we broke up.

SH

I know that this is coming late, and I don't expect you to read it. I did want to say that I remember that tattoo well. Plus, as a kid, I had to know what it meant and why it was there. I knew your name very well growing up. I appreciate your note.
