“ *I am so very sorry to hear about Joe's passing. I used to think I was being punished by having to work the Mezzanine area at the arena until I met Joe. It didn't take me long to realize that God was just giving me another good friend to be around. I learned that he "LOVED HIS JOB," as he would frequently shout out loud, and that how active he was with Berkmar High School, thru his children, as my siblings and I attended there. The more we talked the more I couldn't help but to realize how small this world really is. I will miss his positive and very enlightening attitude very much and I will always keep him in my heart. Just thinking of past conversations with Joe makes me smile. Working at the Gwinnett Arena will never be the same without him. He will be truly missed.
My prayers are with you all,
