“ I came in as a foster child. But never felt for 1 minute that I was a foster child Nanny showed me the love that she would have for her own grandkids despite my circumstances are what I came from. Her and pop showed me a life that I never knew existed a God-fearing man and The Godly woman by his side. Till this day I can say I've never met anybody else that spend their life doing for others the way that she did. My memories of her I will always hold dear and true to my heart she will always be special. And I thank God that I got that chance to meet such a beautiful woman as her fly high Nanny and be that beautiful angel that I know that you are and we will meet again the work that she started on this earth and the things she did for others are still going forth because that was just a woman she was she left an impact everywhere she went and the best ways possible.
