“ I worked with Julian at WGST. He always had a smile and was willing to help fix any problem, even if he had several other jobs assigned to him. I always appreciated his kindness, patience and helpful attitude. I hope his memory is a blessing to his family.

“ My sincere condolences to all of Julian's family. In the fall of 1967 I was a 17 year old, recently arriving in Atlanta to attend Broadcasting School. I got an appointment to meet with the General Manager of WGST Radio, Jack Collins. During our meeting, he called in the stations Chief Engineer, Julian Clark and asked him if he knew of anything I could do there. Juliian said yes, Gary can do production. That was my initial "in" and I'm forever grateful to Julian. I called and spoke with Julian a little over a year and a half ago and thanked him. We had a good conversation about the most important asset of WGST. According to Julian, it's the people. RIP Julian.
