“ Karen was one of the purist people I knew. She was always doing for others before herself, knitting hats, sharing food, whatever it may be. She always found a way to make work fun. We had an ongoing battle with something as simple as colors. I was team orange, and she was team pink. Many days we would come in and decorate in our colors just to see who could out do the other. It made for many laughs and smiles around our office. Karen will truly be missed by so many. She was special in so many ways. Prayers and my condolences to her family. Love you Karen- Christy

I'm going to really miss her she lived with me . I did my best to take care of her even though she made it difficult at times with her being so stubborn. It's going to be hard to get along with out her . It's going to be a long time to get past the grief but with God's help I will get through it.
