“ Miss you so much Kelly. I wish we had more time before you left this world. A year is coming up and it seems like yesterday we were joking and laughing in our messages back and forth. Theres times I am out and see a doppelgänger of you and I'm like there she is letting me know she's watching over me and is with me. Miss you to Heaven and back.

“ Kelly, how miss you so so much. How I wish I could give you a hug and spend some time with you. You left too soon. I was looking forward to seeing you this summer and it was taken away. My heart still aches and I just sit and star at our pics on my nightstand wishing you were still here with us, but knowing you are in a better place watching over us and are at peace now. I miss you and I know you know that my sis. Always and forever that you will be. Our song since we were 13, 14 “All out of love” .... Im so lost without you.... Miss you.. til we meet again...I love you and I'll forever cherish the memories we had.

“ I'm just finding out about this, reached out last night and knew something wasn't right. So I checked and found out. I spoke with you the middle of January, the 18th to be exact. you were supposed to call me back, but you didn't. An I didn't reach back out, because I got sidetracked. I'm sorry that I didn't, I hope you're at peace and resting in light & love! Missing you and Tell everybody I said hi , Till we meet again, much LOVE & BLESSINGS!!!
