“ *Kenniea was my very best friend and I have never in my life known anyone as special as her. She knew absolutely everything about me as I did her. It's been ten years of emptiness that I have felt without talking to her or seeing her everyday but I know I will see her again. I remember her daily and that will always continue. I love you Kenniea and will see you again one day so while you're up there, hold it down and save my place right beside you as always.*
