“ I am very sorry for your loss. Lee was one of a kind. If you didn't have a good time around him there was something wrong with you. He always had everyone laughing with his dance moves, playing a practical joke on someone or telling a funny story. Made a lot of great memories with him on the job over the years between AB Electric and Miller. We were all fortunate to have him in our lives. Lee made all of our lives a little bit brighter and I will always cherish those memories. I know he is in a much better place now and I'm sure he is making everyone laugh up there. My prayers go out to his family and friends. May you have peace, strength and comfort during this time of great sorrow.

“ I can't seem to find the right words to express my sympathies. It has been a long and sad journey. I hope everyone will find comfort in knowing that Lee knew he was loved by so many. I'll remember that he was a kind and funny man who cared about his friends and was a loving husband and father. I am so very sorry for our loss.

“ My name is Ray , I'm 37 years old. I've known Lee since I was 20 . I was his electrical apprentice for 3 to 4 years, until I became a journeyman electrician. I can't count how many adventures, laughs , and bonding memories that man (Big L) shared. I considered him family and I know the feelings were mutual. I'm gonna miss his jokes , his road rage LOL, my beer buddy, and my friend. He taught me a great majority of what I know as an electrician. I know he's transcended to a better , peaceful , and serene place!! No more pain BIG L !! Love you BIG L!!! 🖤❤️💚
