“ Peggy - Sam and I would like to let you know you are in our  
thoughts and prayers. It was very startling to read that you lost Len.  
It was a special honor to work with you at Aid Gwinnett in those  
early days. I was in awe of how you and Len would hop on your  
motorcycle for road trips. Len was an amazing man, and you are a  
very special lady.##imported-begin##Sam & Angie

“ *To the Terrell Family:  
My greatest sympathies to you all for the loss of Len. In all of the years that I was priveledged to know Len, he proved himself time and again to be a powerful, compassionate and committed advocate for people living with HIV/AIDS. A part of his legacy is the dramatic changes that have occured over the past decade in the attitudes of state lawmakers on this issue. He will be missed.*###imported-begin###Jeff Graham###imported-end###

“ To Peggy and all of Len's family: "I am a part of all I have met" --- this saying is particularly true for us since you all have been a part of our lives for almost 40 years now. Our paths merged way back in 1970, separated from time to time, then converged again and again through the years. Len will live on in our hearts until at some point our paths will converge again for eternity. Our lives have been blessed because he is a part of them. May the love of God and the love and care of family and friends sustain and give you strength through the coming days. “ Please know that our love, thoughts and prayers are with you constantly during this very difficult time. May the Peace of our Heavenly Father dwell in each of your hearts; as he helps to heal the loss of someone (so incredibly special ) in your lives. May you stand on the promise that you will never walk alone and you will all one day be reunited in a "perfect" place (with the father). God bless each and every one of you.
