“ *I am Donny Beckels mother - I was so saddened to hear of Linds death -I send my heartfelt condolences to her whole family! I know how much she loved my son and understandably -under the circumstances could never recover from it. She was the person in his life that loved him unconditionally and whenever I thought of either of them - a smile would eventually come upon my face until his death and the light went out in Linda's life .everyone knew how much she loved her children and her grandchildren- they were able to bring joy to her but deep down or not so deep down - the loss of her husband took her over, well Linda you r resting in peace now with your beloved husband - I know he reached his arms out to grab u so please give him and my hubby and of coarse you a big giant hug from me! love to u all - my prayers and thoughts r with u always,  
Rest in peace, love, Mom*
