“ I was devastated to see this when I went to Murphy tonight. I absolutely loved this sweet woman. I can remember her giving out candy to customers for Halloween, she always had a smile, talked about God and was so excited over her new apartment. Even with her diagnosis, that woman showed up to work with a smile on her face. I will miss her but am taking comfort that she is at the feet of God.

“ I got to know Ms. Linda through working with her I always saw her as a grandmother figure. She was so loved and will be missed. She was always so sweet. I remember when she moved into her apartment and called me so excited to hang up pictures and decorate the place. I will miss her. Prayers for the family!

“ Linda was a wonderful person and treated my family as her own. My now grown children have the fondest memories of her decorating their rooms with stuffed animals and making them strawberry bars. She was such a caring person and my family will always remember her kindness. We send our deepest condolences to Crystal, Thayne and everyone who loved Linda.
