“ *We wish to express our deepest sympathy to you. As you reflect on the many fond memories, the heartfelt talks, the legacy of care that she lives with you, we pray this give you peace and joy to continue on. Be assured that our loving Creator cares for you and feels your pain. He assures us that our enemy death will be no more at Isaiah 25:8 and Revelation 21:4. We pray these words bring you comfort and give you hope that our God who can not lie will do all that he promises.##imported-begin##Al & Nataki Boykin##imported-end##*
