“ Marion was one of the finest ladies that I have known, she was so down to earth, inviting me to go fishing in the lake behind her house. Her knowledge of horticulture was outstanding, She was willing to share any plant, shrub, perennial, annual etc. Her door was open to everyone. Lately I have wondered where she was, now I know, she is in a heavenly place. .She was a wonderful member of the Gulf Beach garden Club.##imported-begin##Anne Parker (form. Mazurek)##imported-end##

“ No matter how many years a person lives, it is never long enough. That thought is in line with Ecclesiastes 3:11. There we learn that God has put eternity into our hearts. God's son, Jesus Christ, while here on earth gave us a promise in John 5:21,28,29. There we read about the resurrection hope. In harmony with God's original pupose those resurrected as humans will have the opportunity to live on a paradise earth. (Luke 23:43) This promise also includes perfect health and everlasting life to obedient humans. (John 3:16, 17:3, and Psalms 37:29. What a wonderful hope to look forward to look forward to.##imported-begin##HP##imported-end##

“ Good Morning, just read about the passing of your mother. Your mother was a patient of mine when I was the director of nursing of Community Home Health in Panama City Beach. I believe she had an orthopedic procedure and I was doing the dressing changes on her affected arm. Just wanted you to know how sweet she was. She was so proud of her flowers and the yard was a dream for those of us who love flowers. I met the daughter from Georgia who I believe was an EMT. Anyway, just wanted to let you know that she was a special person. I recently lost my father and I loved reading his guest book. It is amazing how many people our loved ones touch. My deepest condolences. Raye Apple, RN.##imported-begin##Raye Apple, RN##imported-end##
