“ *So many memories of days past. School days and all the years since then. Miss Martha was always a part of my fond and sweet memories. But time seems to change our lives and we learn to move into those present days and think of times past. I know she is having a grand old time in her present place today - Lots of family and friends to renew their kindred spirits. For us, we have those sweet memories until we renew our kindred spirits with them. Prayers for God's assurance that we will all see each other again. For you and your family, God's comfort will see you through. Love to each of you
