“ Mary Ellen and I go back a lifetime of over 50 years to high school best friends. We had no idea at that time that we would one day become family thru marriage She and Helen introduced me to my husband, their first cousin Mike I don't know if I ever made them understand just what a wonderful thing they did for me there! I can't remember a single important event in my life that they weren't there. When my mom died, they were the first to the chapel to see me. They were there for our wedding. When I miscarried, they were the first to the hospital to visit me. Lots of memories of family reunions and good times together. Long talks, laughs, and tears. Love to the family and know that I will miss her too!
