“ Oh Pretty... I miss you so much! I've gone to write something like 7 times and couldn't see through the tears. I loved you from the get go and there's a big empty spot that no one else can fill but you. I will cherish the time we had together and think of you often. You gave the BEST hugs and you cared about me, really cared as I did you. I love you and you better save some hugs for me. I know you'll Rest In peace because all angels do..... love your Lovely

“ Maryn,

There are simply no words I can say to express the deep sadness I feel in my heart today.

Take Your Rest.

“ From the moment I found out that I would no longer get a witty email or phone call from you, a sense of sadness came over me. I tried to remember every conversation we had about work, music, and life. You will definitely be missed. Thank you for leaving a lasting impression Maryn.

“ This hit me so hard when I found out. We had just reconnected. You meant the world to me. We were so close and we picked up like we lost no time. You were a huge part of my life and I thought about you often. You were my sweet Maryn. You even stayed overnight with me when I was in the hospital. There was a time where we were inseparable. I miss you so much. It's still so unreal. Rest in peace my Maryn.
