“ My deepest sympathies go out to the Baldwin family during this time. Wow I remeber the first time I ever met megan I was riding my bike and she was too and we were both with our parents and we became friends from there :) I remeber going over to each others houses when we were little and the day I went to the petting zoo with them. Megan was one of my first childhood friends and to hear of the news greatly saddened me but I am glad that I was blessed to know an angel because that's what she was. God bless to the Baldwin family I know she is watching over you from heaven.##imported-begin##Nicole Gonzalez##imported-end##

“ Mr and Mrs Baldwin,

I am so sorry for your loss, In reading about Megan she sounds like a beautiful and bright young lady that made everyone around her feel good. I did not know her but, my 20 year old daughter died Christmas 2006 and I remember reading in this guest book about April and how it was great to know how everyone loved her so much. April was class of 2005 at Dacula High School. I wish you nothing but the best during this difficult time, and I have added your family to my prayers. The only way I cope is to think of April as an Angel.....now she has Megan to be with. Please let me know if there is anything I can do for you.

God Bless you and your family,

“Megan was truly unexplainable. The way she would laugh when you got into a little bit of trouble then laugh again when she got in trouble for laughing. She always made me smile and not once did i hear her say something negative about or to anyone. This event is truly a tragedy and one that will haunt me forever but i know Megan is up there smiling and laughing. She would have our hides for crying like we all are. I loved Megan for the unique person she was and i know there will never be another person in my life like her. She was an inspiration to many and a friend to all.

I love and miss you Megan Anne Baldwin, forever.

“ Megan was in my physics class last year and she truly was one of the smartest girls I have ever met. She would question theories and the teacher and would prove the truth was something completely different. I know that she would have gone on to do something amazing with her life and probably find a cure for something or invent something.

Although I only knew her for a year, I know that she was a great person and will not be forgotten by anyone that has met her. The world lost a beautiful, intelligent girl this weekend.

My best wishes go to her family and friends.##imported-begin##Jenna Vento##imported-end##

“ Getting to know Megan throughout the past two years has not only been fun, and entertaining, but life changing as well. She was an incredible friend, who not only made my days better when they weren't going as well, but who loved me unconditionally no matter what kind of person I was or what I had done in the past. I don't think I've ever met a person that I just loved to sit and talk to for hours, whether it was via phone, online, or in person. It was an honor to have known her, and my only regret is that I did not get to know her more.##imported-begin##Neil Rivera##imported-end##

“ Megan, I know you can read this from Heaven. I just want you to know that I'm so devastated by your passing. Heather and I both agree that out of everyone we know, you are the last person this should have happened to. Now I'm so full of regrets that I wasted all the chances I had to spend time with you before I moved to Pennsylvania. I regret that I took all of our time together for advantage. I miss you so much, now more than ever. I pray that God will keep you safe and of course you being the intellectual that you are will have many interesting conversations with him. I also pray that God will be with your family and keep them safe. I wish it could have been someone else. I suppose however that God decided he needed a new angel and you were the perfect choice. Please watch over your family as I know you will.
I love you Megan, you were one of my very first best friends. I'm just thankful I had the opportunity to know you.
And to your parents and David, may God please keep them safe.##imported-begin##Maranda Swope##imported-end##
