“ *I met Mel in 1979, and we shared ownership of a Beech 18 for a while. I saw Mel occasionally over the past decades and always enjoyed his company. Those of us with a passion for aviation, as Mel had, understand and accept that risk is always present in the dark shadows of our activities. We mitigate it by honing our skills and making prudent choices, but It is ever-present. Mel refused to let the risk defeat him in his quest to live life fully and joyfully.
To his family I send my sincerest condolences. Your grief and sense of loss are a measure of his importance in your lives. I pray you will be consoled by his memory and uplifted by the example of his life. I trust that you know he is in a wonderful place, and that one day you will rejoin him###imported-begin##Victor Roberts###imported-end##*

“ Matt, Josh and family; my entire family sends their sympathies in the loss of Mell. Please let us know if there is anything we can do. Also, Etsel Shell has called me several times about the arrangements; however he called tonight to say he would not be coming down. He is living in North Georgia now and is afraid the weather may be too bad for him to come down. He said to tell the two of you that he is very sorry, as well he thought the world of Mell and enjoyed some very good times with him over the years.##imported-begin##Jean Rawlins##imported-end##
