“ I was very sad when I read the news of Mikes passing. I worked with him twice but the second time is my best memory of his truly dedication and knowledge that he instructed me with my many questions that no one could answer, but Mike always had an answer to my problems which made me appreciate him. Even the times we ate lunch together we would talk of many things like music , travels and of course he would speak of his family, and his eyes would just be full of love. With sincere sympathy I am expressing to you for the loss of a good man.
