“ Mike was one of the first persons I met when I started working at Scientific Atlanta way back in 1994. We were in the same group, worked on different projects, and I really didn't get to know him until a team building event for work at Dave and Busters and where we ended up shooting pool and discovered that we were both immigrants to Georgia. We found that we shared many common interests, which lead us to playing in several pool leagues. Over the past few years I enjoyed weekly get togethers, to shoot pool, at his house on his 9 ft table. Mike was one of my best friends here in Georgia, and he is dearly missed!
