“ *I was shocked and saddened to hear of Mike's passing. I met Mike (and his brothers) in Beeville TX. We went through high school together, played football together and knew each others families well. Someone else said it also but it was rare to see Mike without a smile and he truly never met a stranger. As we transitioned from boys to men, and went out in the world, we somehow lost track of each other. I never forgot Mike (or his brothers) and often wondered how/where he was.*

*I offer my condolences to his family.*

*The world has lost one of the good guys.*

*I'm proud to say he was my friend.*

“ My condolences to the family. Mike was a high school friend that I lost touch with over the years. We played football together and did things that boys/young men do when they are under 25 years of age. I enjoyed reading the comments on FB and I am sad I missed out on the last part of his life. These pictures are great. Until we meet again-Mike. Brannon Brooke AC Jones Class of '81.

“ A wise person once said, "people will not remember what you tell them. but they will always remember how you made them feel." Over several years of bonfires in the backyard, Mike made me feel good, thank you Mike.
