“ *I worked with Monica as her Underwriter Tech for about a year at CNA. She was a delight to work with. She was the only underwriter to take me on an Agency Visit. She was concerned that I know the details of her job in case I wanted to make a career move. I admired how professional she was. She was patient and caring when agents asked her the same questions time and again.*

She always talked about her children with pride and love. She usually had a funny story about them or shared in their successes.

I will miss Monica and the light she brought to my world

Prayers on Wings for your loss. May God comfort you in your time of need and give you strength in the months ahead.
