“ *Dear Joyce and family I was so sorry to hear of Morris' passing. I did not hear until this morning so I wasn't able to come by and give you all hugs and kisses. Our prayers are with you. I hope you know how much you and your family have always meant to us. We love you so much and always will.##imported-begin##Gerald Spivey##imported-end##*

“ As a very young musician and singer, Morris always made it a point to give me opportunities to sing, play the piano and organ. He did that for so many of us as we were growing up at Luxomni Baptist. He had a wonderful sense of humor and I'll always remember a joke he told at the time when Kenny Rogers had his hit "Lucille". The punchline was "You picked a fine time to leave me loose wheel". It was a funny joke and he could hardly tell the punch line, he was so tickled by it. I will always cherish the fun times our families had together, particularly after church on Sunday nights. Morris leaves behind a wonderful testimony and legacy for his family.

“ Morris, I always thought you were one of the funniest people I ever met. I enjoyed our conversations about all different subjects. I know in my heart that you are in a better place with no pain and you will wait for everyone else to get there. I will pray for your family to get through this and heal in their on way at their on pace. Luxomni will never be the same without you and I will miss you at all of the occasions. God bless your family in this time of need.###imported-begin##Andrew Bridges###imported-end##

“ Joyce, Anthony, Anise, Pam, Kyle, Chase and Courtney - We loved Morris so much and will miss him dearly. His jokes, stories, bits of trivia, love of GT, kindness, smiles, hugs, generosity, care and compassion are just a few of the qualities that made him unique and so well loved. I am a better person for having known him. That was his gift. Certainly he is in heaven now preparing the choir and he will always have a special place in our hearts. We love you all.##imported-begin##Drew, Shawn, Shay and Sophie Toney##imported-end##
