“ *I spent many a day and night in our younger years over at y'all's house. I'd just walk right on in. Your mom always welcomed me with open arms. I was just one of her kids. She was often up in her bedroom, working, reading or watching tv and would greet with a "hi babe". I can still hear her saying, " Pad, can you get me a Tab please?" 😊 My prayers are for you all to find peace and comfort in knowing you now have another angel watching over you.*

“ I'm Lighting this candle in memory of my grandmother. She was such an amazing mom grandmother sister aunt friend. She touch the lives of those around here. She never meet a stranger. She was always such a happy person who love to laugh and cut up and mess around. It saddens me to know she left our family. I know she is in a better place dancing with her parents. We will miss her so much but I know we will see her again one day.
