“ *I will always have special memories of our high school days together, and then becoming engaged when I got my orders that I was going to Vietnam Nam I mid '68...you kept me going when I started to allow the war to really get to me. For you to reach out to me after some 45 years later and that you were wondering if I ever forgave you for calling off the engagement. I had moved on astounding should remember when we ran into each other back in the late 60's and we enjoyed a little herb together. I have fond memories of my invitation, after all of these many years, when you invited Diane and I to come up and see you and meet Ed. I can only wish that we stayed up in Oregon with you. I will always treasure my memories. rg*
