“ *My dearest friend. Friends for over 50 years. Moved next door when I was 10 and neighbors for over 35 years. She was like my second mom and my heart is so broken. I know there was a joyous reunion in Heaven when she arrived because she joined her 3 children who were waiting on her there, along with her parents and siblings. They are together again at last and that is a blessing that I can hold on to. Things will never be the same but I am glad she is healed now and out of pain. I love her so much!*

Prayers to family for strength. 🙏🙏🙏

“ *Stanley, my cousin, I was saddened to receive notice from Joni Morgan of the passing of your wife. While I haven't seen much of your family since we moved away, I still recall wonderful memories of growing up with your brothers and sisters, especially the good times we boys had hunting squirrels, eating them with Aunt Violet along with all the crazy stunts we were involved in. My schedule will not allow me to attend the funeral. But I want you to know that you are in my thoughts and prayers as you undergo this transition time. And I will hopefully see you on the other side one day. - 2nd cousin, Royce Hughes*

“ I probably met Patsy At Scientific Atlanta during my years with TBS and the agency that launched CNN. I was running to and from all things Turner. It took us a year to get CNN up and running. I'm not good with names but remember all the faces. We were making history but too busy to know it. Patsy and I were born the same year. Don't know why I'm still here and active. My deepest regrets for all those left behind. At our age it's too familiar. Only time and remembering her for some special time together is a gift. Being remembered. I'm one of the Morgans but connected by blood to so many I never got to know. Loving thoughts to all her family. Linda Sumrall Long
