“ Vicky was a great guy. He was full of bliss and happiness. He was a great friend to all who knew him. Never did he refuse to help someone with a problem they were facing. I remember days when I was feeling the blues; he always had this way of making me feel better with his comforting words. It's like he had his own special and unique approach of making people laugh. All who knew him would agree. His love was pure. . He was a remarkable individual. Although I didn't know him for a very long time I was thankful that I met him. Vicky was someone who had always been there for me through ups and downs. He will be greatly missed but never forgotten. His memory will be cherished forever. R.I.P Vicky. You're in a much better place now darling. We'll always love you.

Time is Precious

*Time something we can never change but only hope to learn from
If I could you'd be here with me
I wish I had more time with you
Thinking back of all the good and bad times we shared
The fun moments
The laughter, the smiles and frowns, and the tears
It all seems like a dream...
Something I once had.. not in my heart but in the humanly flesh
I remember it like it was yesterday
Visions that are so vivid
You were my only...my dearest
I think of you all the time
All I have is memories...precious memories
Those memories forever will I cherish them
My heart is grieving every time I think about you
It's the pain, it runs deep...
I don't want to be sad nor do I want to cry
When I do shed my tears it's' cause I reminisce on your lifetime
achievements.*

*You were a heavenly blessed earth angel...still is
When I think of you... I wonder how I ever had the courage to let go
My love for you is still strong
and it will remain that way forever
I'm never going to let you go...
You're always going to have a special place in my heart to rest.*

*As I turn a new fresh page in life
you're always there with me to take the first steps.
You're not my only dear friend, but more like a big brother I never
had
you're my inspiration, my every thing, my all, my guardian angel.
If I had to sacrifice every materialistic things' I own...
I'd give it all up in a flash with out a doubt...
no second thoughts or questions
even if it meant starting from square one
I do reminisce on all the pain and struggles you went through.
You were like brother to me...
Never did you leave my side.
Comfort me when I was feeling down,
You wiped those falling tears that rolled down my cheeks
&& you gave me the love I needed
For that I love you =]*

**The past is left unsaid.
I can't change it but I can show you I understand
Live and learn from it.**
