“ *Michael, so sorry to hear of Rachel's passing. We went to school together, and later became first cousins by marriage. She was a wonderful, caring, person. And a very dear friend she never met a stranger and always had time to ask about family and her best words was "I will say a prayer for you and I will be praying." Rest in peace Rachel. And may the Lord hold you in his arms Michael.*

“ I worked with Miss Rachel for many years at Gwinnett Medical Center in the children's emergency room. She was always so kind and loving. She got ne through many hard times. I would always go visit her even after I left the emergency room to pursue my respiratory career. Heaven has gained a true angel and she will be missed dearly. Fly high Miss Rachel, you earned your wings.

Thank you to everyone.

Every human on this planet believes that their mother is the most special mother of all.

Mine truly was.

She lived in this world but she knew that she did not have to be part of this world.

To me that makes her the most special person that I have ever known. I would feel the same way even if she were not my mother.

The universe gave her no quarter.

All of the way up until the last breath.

She has never once shown any weakness.

None.

We are all better for knowing her, sad to give her back and walking in a colder world today.

Keep her strength as an example.

I for one am glad that I met her.

The fact that she was my other was just a bonus.

“*Rachel and I attend the same church, every Wednesday Bible study. I love talking to Ms. Rachel she always had kind words and made you feel welcomed. I know I will see you again in the Lord's House. Save the seat for me or I want to sit next to anyone but you when God gives his sermon. God bless you miss Rachel and I'll make sure I put a mother's Day Rose in your seat at church. Anita, you are so RIGHT, she and Dale kept us going! Watching the Pitt last week when they had to go back to paper and had to call in the old unit secretary- made Rachel and Dale come to mind. She was loved by all!
