I have been thinking and praying for you since realizing it was your family affected. Had some of my friends come together to pray for you all as well. Just know that we love you and He's got this! “ *Randall was one of the kindest people I've ever had the pleasure of working with. He genuinely cared for the people he worked with, and came across as a very self-less person. I'm not surprised at all the stories I've heard about how he has mentored and trained team members. He will be missed.*

“ *You were the first one I called when I got my CCIE. You helped me setting up my IE lab and encouraged me through the journey. I have learned a lots from you. As I told you many times you were the true "IE". I am so blessed to have you as my mentor and friend. There are no words I can find to express how much I appreciate and miss you. Rest in Peace.*

“ I love you dad. You made me into the man I am today. I wish you could have met my children. I think they would have loved you as much as I do. I miss our Tuesday night bike rides, and seeing you cheer for me at the finish line after my races. I miss our camping trips and sitting with you around the campfire. You were always kind and gentle, and I will miss hearing your dad jokes and your wisdom. I wish we could have shared just one more bike ride.

Christopher Bjorge - April 13, 2017 at 09:06 PM

You have my deepest condolences. I always think of your dad whenever I see scouts. He was willing to put up with so many young boys and help lead us into men. He is gone ahead to set up camp and getting it ready for us.

*Chris,
I remember your Dad helping train you for swim team and BRAG. I remember thinking he was so tall and so strong. I remember your parents supporting all of us at swim team- first for the neighborhood and then for high school. As a parent myself now, Looking back I realize how lucky we were to have such supportive parents ourselves. Our prayers are with you and your family as you deal with this tragic loss. Wishing you peace and comfort,

“ Randall had a quite strength about him and he will be truly missed. He frequently stopped by my office to "just chat" and his wife, Wendy always took time out of her day to help with community projects. Both will be missed. My condolences go out to the family.

“ My deepest condolences for the loss of both Randall and Wendy. They were my next door neighbors for about 5 years and were so good to both me and my daughter. I always remembered Randall was a man of few words (not sure if he was quiet or couldn't get a word in) but when he spoke, he truly had something important to say and you listened. Amanda, I will keep you in my prayers now and in the days ahead. RIP Wendy & Randall. Kelly (Carlton) Mensinger

“ I was finally shaping up a line of flowering cherry trees on my property. As Randal and Wendy's next door neighbor they probably had heard me cussing at the dumb trees as I tried to mow around them and pick up fallen branches for years. . I had finally finished butchering the job of pruning them when Wendy and Randal passed by on their way to the pool. Randall cocked his head sideways and said, I thought you hated those trees, why didn't you just cut them down. I struggled for a good answer and explained that I didn't hate them, I just needed a little space. Randal shook his head and continued on. Wendy just smiled that smile of hers. We miss them both. They were good people. Jim and Andrea

“ You will be missed buddy. You always had time to train and support the FNG's. I'll always remember the fun we had cutting over a certain customers network in the middle of the day with Michael. And all of the times we would yell at Ger for some of his overly complicated designs that we had to support. You were one of the best and never needed any credit for it. Here's to being a fellow career CCNP even though you helped and inspired so many to get their CCIE. Rest in peace brother.

“ Amanda, I didn't have a chance to work with Randall directly so I didn't know him very well, but he always had a big smile on his face when we passed each other at work. I wanted you to know that you are in my thoughts as you go through these difficult times. My condolences to you and the Bjorge family.

“ *My thoughts and prayers are with the Bjorge Family. Randall was a person who instantly became a friend instead of “just” a coworker. He was passionate, calm and professional to everyone he met. Randall always offered encouragement and support to those who have worked with him and made everyone successful when he mentored them. There are no words to describe how much he will be missed. I know I will miss our afternoon “chats”. I am so blessed to have had him as a friend.* ”

“ Randall.....

A father

A mentor

A husband

A gentle soul

Funny

Always the calm in a storm

I could go on and on.....

There will never be another like him, He will be missed, but never forgotten. His quiet soul touched all that knew him.

When asked why he didnt sit on Santa's lap he said grown-ups dont sit on Santa's lap.

Response was "you arent a grown-up! You're a big kid! Grown-ups arent any fun!"

So like a good kid, Randall sat with Santa and smiled about it.

What remains with me is your quiet nature and the ability to keep up with Wendy. I will see your cheshire-cat grin for the rest of my days!
