“ *Dad- thank you for putting tools in my hands starting around age 5. You handed me a Volkswagen carburetor, some tools and an empty margarine cup and said, "Here Chris, take this apart for me." I abliged. Several hours later I said, "Here Deddy." He replied by telling me to put it back together . There were some parts left over but he gave me the opportunity to try. I can work on cars, mowers, weed eaters - pretty much anything that runs on gas. Thanks Dad for all your encouragement that I could do anything I put my mind to. Let's go fishing and walk in the woods. All invited.*
