“ *I've known Bob for the better part of 50 years. We worked at Lowry Optical in Tampa FL. later to become Mil-Roy. Somewhere around 1985 Bob helped me acquire some used equipment to start a lab in my basement. Unplanned at the time, later gave me an edge to open Monroe Optical in 1988. I talked bob and Kim into moving here early 1990. Bob was always eager to help anyone in need. One of the most talented people I've ever known. I'm sure he will be well remembered by everyone who's life he touched.*

“ I send my condolences to Kim and family. I've known Bob for the better part of 50 years. Bob and I worked at Lowry Optical in Tampa Fl. later to be bought by Milroy. Bob was always eager to help anyone in need. Somewhere around 1985 Bob helped me acquire some equipment to open a small finish lab in my basement. Unplanned at the time, it made it easy for me to open Monroe Optical in 1988. I talked Bob and Kim into moving here from Tampa early 1990 I think. Bob was one of the most talented people I've ever known. I'm sure you'll be missed by everyone who's life you touched.
