“ *This is my tribute to Bobby's very kind-hearted soul & love of animals.*

Sadly, our friendship was cut short yet strongly forged from the start in our mutual love for animals & esp. for our pups, Hamie & Hamette.

We met in the Rabbit Hill Dog Park where Hamie & Hamette fell in love at first sight & frolicked at every meeting 2 hrs w/o any end in sight. Bobby adopted Hamette after I had completed all her vetting for he knew that after having been dumped in an industrial park far away from any residentials, & me not being able to keep her permanently due to my frequent & extended overseas travels to tend to family illness situations, he could offer her the stability of a permanent home that she needed & deserved, and his beloved Hamie would have a forever girlfriend.

And, we had a great plan of me contributing to establ. a backyard fence, food & meds & any visit privileges to see my beloved Hamette. It was such a wonderful, happy-making plan for all of us ... a win-win for pups & us.

But, how heartbreaking it is now that Bobby had to leave this earthly plane so early in his life leaving his beloved pups behind without their loving Pappa & safe & stable home.

And so I pray & plead with Bobby to now be a loving Pappa to his pups from above & help guide them into the loving permanent home of one of his earthling friends a/o neighbors so they can continue their joyful frolicking together & forever.

Thank you, Bobby, from the bottom of my heart, for having blessed your beloved pups & all of us with your loving & kindhearted soul & earthly presence. You are & will be missed forever.

“ I have so many memories of working with Bobby. He was my supervisor when I started at Shumate Mechanical back in 88. Some of the things he did and said had me laughing so hard that it made my stomach hurt. Wow, he had some great stories about things that happened in his life. He always wore that goofy smile that was absolutely contagious! Never a dull moment around Bobby. I wish I could have shook his hand one last time. I will miss you my brother.

So sorry to hear of this loss. My prayers to the family. I haven't talked to Bobby in a long time but the memories from us working together at Shumate was just awesome. We shared the same name "Bobby" and which was a plus for us when yelling each other's name across the warehouse. May you R.I.P brother. God Bless

I've known Bobby for years. Back when our boys were little football stars, and my girls were toddlers running to see "Bobby! Bobby!" He'd light up and toss them in the air. Family camping trips and just hanging out. We were all friends-real friends. Robbie and I and he and Phyllis. Kids were always drawn to Bobby, he had an honest admiration and love for them. Nothing brought more pride and joy to him than his boy, Shane. Shane-o-Mac! You are and always were the light and purpose in your parent's lives. Hold on to that Shane. Let it guide and comfort you through all of your days!

Oh no! I am one of Bobby's long-time customers, and always enjoyed our visits when he came to Atlanta to service my HVAC system. Something made me check the obituaries today. I had not heard back from him since leaving a voice message and then a text about a month ago. I wanted to talk with him again about replacing my HVAC system, which he had installed nearly 23 (!) years ago. He always raved about how well mine was holding up. But more than that we talked about our lives -- he, his son, Shane, and the joys of being a grandfather. Last fall, when he was again at my place, I learned he was having difficulties with his heart, and he suggested I start thinking about a new HVAC. I am so very sad that the huge light in this wonderful man has been extinguished. For those of you who knew him as father, grandfather and friend, please receive my heart-felt sympathies. I will remember him and give thanks to God for encountering this very kind soul so long ago. Nan Ross

I'm just recently learning this. What a shock! Bobby's my cousin and we hadn't seen each other in probably 30+ years. Still wondering what happened
