I am so sad to hear of Roy's passing. He will be remembered fondly. Mickey, I want you to know I send my prayers and love to you. Roy was Uncle Roy to me because of where we were in the family chain. He was 1st cousin to my mother, Nancy and she was born nine yrs before him. My first memories of him were at family gatherings. I was amused by his perfectly cut mutton chops and loved his deep voice. It was a such a comforting sound whenever you talk to him and his sincere heart just added to it. This goes to Jennifer, Bill and Brian. Love, Kathryn (Kay)

** I was named after his mother and nicknamed after his sister.*

“ *I worked on a few of Roy's projects at Honeywell. He reminded me of my company commander in Navy Bootcamp; straight to the point, but fair. I appreciated that about him.*

I'm happy that he lived a relatively long life, and I wish him eternal peace.

May God comfort and strengthen all who loved him.

“ Mickey and family; We were so sorry to hear of Roy's passing.

I was also a tech at Honeywell. Roy hired me in 1982 when my wife and I moved to Atlanta and we didn't know anyone. Not only was he a great supervisor and mentor to me, he was also a good friend of our family. I remember when I was working out of town and he came to my wife's rescue when our house hot water heater ruptured.

We who worked at Honeywell talk about Roy still, he has never been forgotten and will not be.

Our thoughts and prayers are with your family.

“ Dear Muckey and Family, I am so saddened to hear of Roy's passing. I enjoyed working as an Admin at Honeywell with Roy and his Installation Team for many years. He made my job so much easier because of his insight knowledge that he shared. Also, I enjoyed all of his stories of the Greene Family vacations. He will be missed. My thoughts and prayers are with all of you.

“ The Cusumanos are so sorry for your loss and thankful we got to meet and know Roy over the last 5 years. I enjoyed our conversations by the pool and appreciate all of Roy's knowledge of fixing electrical issues in the house. Brings a smile to me thinking about those conversations and hope you all find a smile thinking about him while getting through these tough days.

“ To Mickey, Bill ,Brian, Jennifer and families. Roy was a rock. I worked under and with him for almost 18 of his 36 years at Honeywell. Roy kind of took me under his wing, as a young tech. Roy was the type of man who stood his ground, if he liked you he always had your back, you did not want to be on the opposing side if there was conflict, I enjoyed very much working with him. Although I had met each of you briefly at different company picnics and such, I felt that I knew you because Roy spoke highly of each one of you. There was no doubt about the love he had for each of you. He will be missed. I know something of the pain you are going through as I loss my dear wife of 41 years just this past year, but as a family and with the help of our Lord you will get through it.

*My thoughts and prayers are with you.
