“ *I met Sandie years ago at a Chattahoochee Road Runners meeting. We both loved running and cats. She was such a sweet kind person. It was a shock to hear of her passing. I am so sorry and would like to offer my condolences to her family.*

“ *I am in shock and disbelief regarding the news of Sandy's passing. I believe I first met Sandy at the Lula 5K many years ago. Over the years, we participated in many of the same races. I always looked forward to Sandy's open house each year in early December. She will be truly missed.*

“ Sandie and I became friends 41 years ago when she was working at Piercing Pagoda at North Lake Mall. We both went to Tucker High School but it was our love of music and going to see our favorite local bands perform. I spent a lot of time at her parents house in Smoke Rise and her favorite memory of us is the time she took the braces off of my teeth with ice cubes and a pair of pliers in her parents basement! I was 15 and we were trying to make me look older so I could get into the club to hear Pranks play. We were roommates several times over the years at Jade East, the first home she bought in East Point and once more in Lawrenceville. This picture is the last one I have of her and I together at my wedding in July, 2018 and I will always treasure it. She often joked about being my second mom and raising me up. I could always count on her to be there. She was and always will be my best friend and there is now a huge hole in my life with her passing. I will love and miss her for the rest of my life ❤️.

“ Sandie and I met in high school, I was 13 and she was 14 and a grade ahead of me. My most happy memories were taking out first adult trip (with no parents) when I graduated from high school. Spending many, many, many weekends in her dorm room while she was going to Tech. Beach vacations throughout many years with Sandie and other friends.
I remember her calling me one evening and saying that she had found a journal from her younger days and telling me that it could have been my journal. Basically every post in it was something she & I had done together. I loved her, her parents and John- they were a second family to me. I will miss my old friend. - Keely Kratzer

Keely, I hope you are well. It's been a long time. Do you remember me, you and Sandie going to the midnight showing of Rocky Horror Picture Show? Or riding in Barbie's hornet? It's been so many years but I still remember.

“ Greg and I are heartbroken to hear about Sandie. Sandie loved to decorate her house for Christmas. She always bought the biggest and most beautiful Christmas tree from the Boy Scouts. We looked forward to her open house every year.

Sandie was so devoted to her fur babies and was a great Mom to them. She loved her friends and family very much and would do anything for them.

Rest in Peace, Sandie. You will be dearly missed.

“ Sandie Alford had a love for music rock and country. She and I bonded over our shared love hearing and seeing Atlanta local bands her favorites Swinging Richard's, Georgia Satellites, Ceaser Speaks and a country band called Palomino. That was the start of Sandies country phase and the start of a fun 6 weeks following Palomino around and learning to line dance. A time that she and I would remenience and laugh and wonder how we survived that 6 weeks period. We had so many good times and I will always remember each and everyone. She was one of the best friend I've ever had. I will miss you
