“ Sandy was such a professional and caring teacher . She was not only loved by her students, but she was respected and loved by those of us who taught with her. She made such a difference in so many children especially my son. The world lost a special person.

“ I taught at Dacula Middle School with Sandy for many years . If you had a bad day , her door was always open. We would talk often after school about work and family . I know she loved her family dearly and she will be missed .
