“ May God bless and keep the family and friends for we have truly lost a compassionate, loving, caring god fearing woman. Sandra is and will forever be a part of my life. When I met her at Dr. Isreals office she immediately made me feel fortunate to have met her. At the time I had just finished my chemo therapy and my cancer was in remission. Shortly thereafter I lost my mother and brother to this dreaded disease this was in 2012 thru 2014. Sandra comforted me my mother and my brother whom other than me she had never met in 2014 July to be exact I was sent to Ohio from Ga. to be treated for some tumors in my lower spine and the whole year I was in Ohio Sandra would call me, send me cards and notes and have prayer for and with me and it was an uplifting and very compassionate showing of love for me because I was really struggling with the decision to continue. I still have issues with my cancer however I'm not struggling anymore because through God and his infinite wisdom he sent me an angel named Sandra she cared for me and believed in me when she didn't necessarily have to all the while going through treatment herself so I'll forever be grateful to her and I will take each day until god calls me home make a conscious effort to reach out to someone whether it be a handshake, a conversation, a cup of coffee, a smile etc... to let somebody know that no matter what you're going through with Gods grace and mercy stand strong in your faith and have an expectation that no matter what the outcome everything is going to be alright and I pray that I live the remainder of my life in this manner therefore .The love and compassion in which god sent Sandra into my life that good will never dies because just as she bridged the gap in my life if I'm conscious of it I can and will do for another thanks Sandra and may you Rest In Peace with our lord and savior.

“ We met Sandra in 2000 when she first started at Dr. Israel's dental office. Since the first moment she was always so welcoming. I remember in 2006 when we moved back to PR to return to GA two years later, then we went back to our favorite dental office and Sandra was so happy to see us back that she stood up from behind the counter and gave me the most affectionate welcome back hug. I would never forget that hug, those wear tough times and that hug meant a lot to me. She was always so accommodating to our appointment change requests, she went above and beyond to make sure everything was well taken care of. My whole family interacted with her for all these years and it would be sad to go to our visits and knowing that she won't be there anymore. She will be greatly missed. I felt so sad to know about her passing, but God will give everyone that knew her the comfort to know that she completed her life mission in this world and needed to move on. She was a great example with her loving and caring attitude. Our deepest sympathy goes to her husband, her whole family and her friends.

“ Oh my... I had no idea! I just saw Sandy 5 weeks ago and she looked terrific – just like in this photo! She was so helpful with my insurance mix-up and hand wrote a note on my billing to contact her if I ever needed additional help or just an explanation. She was such a lovely, kind and caring person.

“ I road the school bus, #175, with SANDRA, and boy...did we have some FUN on those rides, always minding the late Linda Davis who was our Driver. Linda knew all of our parents. Linda would NEVER call the Principal,....nope she would go directly to our MOTHERS if we got too "rough-housing" and "loud" on those afternoon bus rides from Lawrenceville out to Prospect Road and Old Peachtree. I wanted to ask Sandra out, but never did...my loss, I was too shy back then. RIP Sandra, you will be missed.

“ Our family will miss Sandra so much!! We have known Sandra for years (over 20 years)... from going to Dr. Israel's office. She was "always" smiling and very sweet to every member of our family. She was always patient and professional every time that I called to make or change our family appointments. I will "never... ever" forget the time that I had to see Dr. Israel for an emergency dental visit, years ago, and I had to bring my very busy toddler with me. She spent time with her, talking and playing with my daughter, and giving her papers to write on and color... while I was getting my procedure taken care of. I felt so guilty and super appreciative of Sandra to go out of her way to occupy her; However, Sandra assured me that it was no problem at all. Every time that my husband or I talked with Sandra, even when she was sick, she was always smiling, and very positive... she displayed such a strong attitude to her fight. We were amazed!! It will be so hard not seeing her greet us when we walk into Wildwood Dental Care... but, we look forward to seeing her again in Heaven. She was an angel among us!!

We will miss her so much!!

“ As a patient of Wildwood Dental, I saw Sandra twice a year for at least 7years. She always greeted me warmly in the office and on the phone. She knew how to make you feel welcome. Upon leaving my dentist appointment, I would always stop at the desk to talk with Sandra to find out where her next vacation was going to be. She would always talk about her laid-back vacations where her husband would fish while she just relaxed . I always looked forward to those stories. She will truly be missed.
