“ *Had no idea you were living in Georgia. I have been here near Knoxville, Tennessee for several years and my son Jesse lives 10 miles south of Lawrenceville, GA. How many times we could have stopped and visited.*

*Spent every summer with my Uncle Jack and watched Steve grow and I remember his birth when I was about 5. He always got a seperate special birthday present from Gramma Owens because he got gyped on a birthday party every year. Right after Christmas is not a good birthday.*

*If you were trying to leave a clan behind you... you won.....*

“ Shirley,

I worked for Steve at CTAC. He was so kind-hearted, and seemed to have the ability to see things in people that others couldn't. He was a great person, and I will never forget him, especially his smile.

“ Shirley and family,

*I'll always remember the time that I worked with Steve during his tenure here in Carlsbad with the CTAC family. He always kept everyone guessing with his "pitting one of the girls against another". But we all knew it was all in fun. But I also know that he would give the shirt off his back to protect all who worked for him. I learned a lot from Steve regarding the QA world while he was here at WIPP and know that if I had been part of the CTAC world rather than DOE, he would have been my mentor.*

*He always talked fondly about you and the kids. He will be greatly missed by all the lives he touched.*

*I will keep you and your family in my thoughts and prayers as you go through this sad time of life.*

*Yours respectfully,*

“ Steve will always have a special place in my heart. He was my mentor. He taught me so much about life and how to survive working in an office full of men. I always hoped that we would work together again someday. He took me under his wing and treated me like a daughter. He practically raised me in the office. I will never forget all of the good times we shared on the road. He had the biggest heart of anyone I have ever known. But he definitely knew how to dish it out. I finally learned after a while that he wanted me to dish it back. The respect level definitely jumped up a notch after that! Shirley, I will keep you and the family in my prayers. I loved him like a father-figure. He will always be missed by me...

“ To Shirley and family,

*I am so saddened and heartbroken at the news of Steve's death. I spent many years as his office wife (secretary). He was such a character. He was so ornery, but had the kindest, most generous heart. It took a lot of work to keep him in line. He loved to aggravate us girls in the office, but would give the shirt off of his back to help any one of us. We all loved and respected him, and figured that one day we would be working with him again.*

*I will keep you and your family in my prayers. May god bless you all and help comfort you through this terrible loss.*

“ To the Calvert Family. I offer my condolences for your loss. I've worked with Steve in the Altran-Norcross office since he arrived in 2012. He truly impacted our office. I named him "Sheriff" because of his stature, personality and cowboy boots, and I then became known as the "Deputy". He was dedicated to Quality Assurance and we all heavily depended on him for his knowledge. We'd often stop by or sit to learn the history of the world because he knew so much about so much.

*He spoke so often of you, Ms. Shirley, and your children and grandchildren. We all knew his love for his family.*

*My prayers are with all of you at this time. Steve will truly be missed.*

“ Oh Shirley, Kacey, Chaye and family – We are so sorry about Steve. Our heartfelt condolences go out to you and the family. And apologies for not being able to make it up to Georgia and be there with you.

We were saddened and moved to prayer and reflection upon getting Wayne’s call. Your loss is great and beyond comprehension. There are simply no words that we can offer to ease your pain and sorrow. Please know that you and family remain in our prayers and that with time and our Lords help, that you are soothed to some extent.

The Carmen’s, my sister Christine, and the kids also send their condolences. My mom also wanted me to share our grandmother’s saying: “Dios selecta los mejores.” Translation: God selects the best.

I met Steve in the summer of 1987 and worked with him and for him, for many of those years since. Steve was a great friend, co-worker, boss and mentor – and will never be forgotten.

Sincerely,  
Pete & Janie

“ *Shirley--We will all miss Steve. He was such a special person. He could be the tough guy to intimidate anyone when he needed to do so. The real Steve was a caring, giving guy who would help anyone. He had a significant impact on the success of the WIPP program. His involvement had an impact on so many different levels-the people, the permits and the success of the project.*

*I have a hard time accepting his passing. I will always remember the special person he was. I treasure the time we worked together.*

“ So sorry to hear the news and loss of this very educated and talented man. I met Steve working for the NM Environment Department, WIPP Group in Santa Fe while we were conducting facility waste inspections/audits of facilities sending waste to WIPP.

*I remember how Steve was highly regarded, very personable, intelligent, and tactful in discussing technical issues that arose between all parties during the audits and in the evenings after the audits we had plain fun talking with Steve. I know my colleagues in New Mexico involved with WIPP are all devastated.*

*Condolences to the family from NM and Steve's old friends from WIPP.*

“ Steve was many things to me...a boss, a friend, a mentor. He gave me many opportunities when others would not. He believed in me; he encouraged me to finish my education; he pushed me hard. He allowed me to grow and then had confidence in my work. There is a great amount of respect for this man.

*On the outside he was a big bear; but on the inside he was a small teddy bear. He lived life to the fullest.*

*My heart goes out to Shirley and the family. I'm so very sorry for the loss of this wonderful man, Steve Calvert.*
