“ My son and I have known Stevie for 20 years and he actually got my son Joey a job at CBI a few years ago. Stevie was like another son and even though he will be sorely missed, I'm so thankful for all the wonderful memories we have. So many UGA football games watched together, Stevie grilling or having a fish fry at the house not to mention all the times of him and Joey playing darts and their epic arm wrestling and their times fishing. Until we all meet again, we love you Stevie, miss you so much but will enjoy all of wonderful memories.

“ OMG. Steve was so much fun and got along with everybody. One time he ran in circles in front of a fancy hotel so fast he was at a 45° angle. Crazy dude.
