“ *I am deeply sorry for your loss. Susie was a very special lady. I enjoyed working with her. She was so proud of her family and deeply love all of you. She delighted in her grandchildren and was always eager to show them off.
My love and prayers are with you.

*A butterfly lights beside us, like a sunbeam...
and for a brief moment it's glory
and beauty belong to our world...
but then it flies on again, and although
we wish it could have stayed,
we are so thankful to have seen it at all.##imported-begin##Diane

“ Susie was my best friend all thru our elementary years at Harmony. We were both dissapointed that I was going to North and she was going to Buford. I have so many fun fond memories of those days. Going home from school with one another, relays in the gym, and especially the playground where our imaginations took us around the world.

Ms. Veal, Diane, Darlene, Kathy were all apart of the good memories too.

Unfortunately, we lost contact except for ocassionally running into each other. The last time I saw her was at radiology office and like was said today at service she was smiling. We laughed about our younger days and the trick on our teacher at recess trying to keep from having to go back in. It didn't work! About Mickey and the kids. She was happy even tho she was there.

I'm so sorry!

God Bless and Be with you all!

“ I'm grateful that Donnie was able to attend the visitation and express his condolences in person, but I also wanted to add my sympathies. We have such good memories of the times we shared with you, Susie and your very young children all those many years ago. Our hearts are heavy for you and your family.###imported-begin###Roberta Schofield###imported-end##
