“ *Teressa and I were in the same homeroom throughout High School. I always knew that I could count on her to save me a seat or cover if I was late.*

The best and most memorable memory was graduation night. If you were in our class you will remember that we had our ceremony inside. That night it rained and was hot and humid. As we sat listening to the speeches and dedications , and sweat was pouring down my face, I wrote down " it's hot" , Lockhart replied " no kidding" . Well I commented back " no I'm serious" . She cut her eyes over at me and laughed and started fanning me with the program paper we we're writing on.

We we're finally called up to get our diplomas and I will never forget her saying " we just graduated Julie". And started crying.

Rest in peace my dear friend, no more pain. God bless you Jeff , and your three beautiful children.

Deepest sympathy Jeff, Jared, Jenna, and Jordan, whom Teressa was so proud of and loved so much. My heart is broken. I am so thankful for the honor and opportunity to work with and become friends with Teressa. Even when I would ask her the same questions over and over she always had that smile and sweet disposition that made her so special. She will be missed but held in our hearts with love and admiration for her courage and strength. RIP dear friend. Praying for peace and comfort during this very difficult time.

Much love,

Patty Morgan

Dear Jeff and family,

We are so sad that you have lost your wonderful wife and mom. Teressa was so strong, loyal, loving, and of course had that great sense of humor that we loved her for. I expressed to Teressa numerous times that she was such a strong witness and a blessing to others during her illness. I know your loving care and support was a huge factor in that, as well as her faith. She was the epitome of a loving wife and mother. I can only imagine the celebration as Teressa stepped into eternity. Please know that our thoughts and prayers of love and comfort are with you during this time to come.

Love,

Ann Marie and Steve Halleck
