“ *Well I've been thinking about Betty often and just found that she had passed in June. There is a lot I would like to say, I lived 5 yrs next door as a single mom with two small children. Betty including her niece and family were always so nice. But most of all she saw me through my darkest time my treasured moments. It was as if she was raising me and my kids. I don't think Betty knew what she got her self into when I bought that little house but she was a blessing to me and she became a grandma to my kids. One of the most memorable is when I first moved in my Two yr old had snuck out from taking a nap and in a panic I went looking and Betty comes to her back door puzzled but amused, she says I think you lost something and there was my baby sitting on her living room floor quietly thumbing through a book. Her and her niece were constantly there for me during my second child who was very ill at birth an I wish I could remember her name but she gave many prayers for my now healthy boy. I think your family was so lucky and blessed to have had a remarkable mom and grandma. Thank you for sharing her with me and my kids! I wish I can tell Betty that I finally found a wonderful a "good man" she'd say for a husband and father. I'm happily married to a wonderful husband who adores me and my kids here on the Oregon coast. As a matter of fact I was hoping to send a senior photo of her baby and babies. That two yr old graduates this year. I hope there is a way to contact her daughter or niece.*

“ Ms Betty was a great and beautiful lady very good neighbor. I'm so sorry to hear of the passing of your loved one. She and Mr Bill lived across the street from me for many years. She always amazed me how she mowed her own grass, raked leaves and even cleaned gutters. One day cleaning gutters her ladder fell and she couldn't get off the roof the neighbor beside her ran over and sat the ladder up and helped her get off the roof. She would often laugh about it after all was ok. The McCaa family at 404 Crane Dr.
