“ As I sit here wondering what to say through tears and a heavy heart. I'm at a loss for words. Julia as I knew her always showed up for the job. The last time I spoke with her at Bear Creek on 12/20/2025 for the PM pickup. Something inside told me to go check on her to see how she was doing because she had previously been out sick. I did her route and I was telling her I was glad she was back because her students we're asking when she was coming back. I told her she should have taken the rest of the week and the break to get better. She said that's what she planned to do. She said she just wanted to come since this was the last day of work before the new year. I told her get some rest while we're out and take time for yourself. This job will be here when we gone. Not know at the time this would be our last conversation. I can say she finished strong doing what she loved. I will miss her around the lot at work it is not the same without her there. Every day I look over at her bus 4078 and say a silent prayer. To her family my condolences may you find comfort in knowing that your family member Ms. Freeman ment so much to so many she was a blessing to all who knew her and she will truly be missed Amen
