“ *Aunt Judy and family*
Please accept my deepest condolences. I was completely taken back when I found out the horrific news. I always admired Tricia's ability to always be herself and have such a free spirit. She will always hold a special place in my heart. My thoughts and prayers are with the family throughout this difficult time. Knowing that she is with our grandfather gives me comfort.

Love always

“ *Judy and family,
My heart is very heavy since learning of Trisha's passing. I loved her as if she were my own daughter. I was there when she was born and was blessed to have been her uncle.
Please know that my thoughts and prayers are with all of you. Love,
Barry*

“ *Trisha was my sweet Niece. I loved her from the moment she was born. We liked a lot of the same things like mushrooms. Trisha you know what I am talking about! You were always coming to visit me when you were little and I cherish every memory of that time. As you grew up you still stayed in touch and always made me feel loved. You were like a daughter to me and I miss you so much. Words cannot sum it all up. My heart aches. I WILL LOVE YOU FOREVER!! We will meet again someday. Keep a warm place for me. My Sweet Pishy Trishy never goodbye just we'll meet again.
Love always, Aunt Maureen*

The song "The Gift" has so much meaning. I gave her a gift on Wednesday 12/21 with our family and she had my heart and soul forever. Till we meet again my tiny dancer.

I met you online 20 years ago and it feels like just yesterday that we last chatted...You left an impression on me till this day :) We were kids back then and reckless! You came to Cali and we got our first tattoo's that were identical and in the same location (LOL) and eye piercings :) I will always remember your infectious laugh and your cute southern charm girl... Thank You for those times and till we meet again on the flipside!! You are not doubt dancing with Rael and jammin' to 311 amongst the stars...Endless loves and go get your prizes...You will be terribly missed by so many...RIP Tish <3 <3
