“ *Trina was an amazing example to me of true unconditional love and friendship. She reached out to everyone she met and included them in her family of friends. In the short time I knew her we became very close. I love you Trina and miss you greatly. Your spirit is with all of us who had the privilege of knowing you and being in your presence. Your courage through all the ups and downs you went through over the last year inspired many. You were always thinking of your son, husband and family through this. I will miss our walks and talks. I will always remember your easy smile and hugs. We send love and care to Tom and Ben. from Joanna Gerber and family*

“ My dear sister Trina, I recall my first BBQ at New Hope, and you had the Boy Scout Troup to assist.. Awesome. I looked upon you as you went through the cancer, and the beauty and graciousness you shared, as we all knew you were in such pain. You always praised the Lord every day, and you brought strength to other families that were struggling with health issues. Trina, we will hold up your love and spirit at New Hope, and your husband Tom and son Ben. Love to you sweet spirit of God.

“ Trina was a sweet lady, devoted to her family and her church. She was an amazing encourager, always accepting and welcoming of others, always willing to pray for anyone in need and she would do anything for a friend. My love and prayers go to her husband and her son Ben. Never forget who your mother was- she will be watching over you. Nothing separates us from the love of our family. She will be missed- she was an amazing person.

“ I met Trinia and Greg at the beginning of his career as a doctor about 1989. From that first moment, on every visit, Trinia was so sweet and a friend to me. If this is possible I loved my visits to the dermatologist as I would be able to chat with her. Often in my nature of procrastination I failed to book appointments enough in advance. When I'd call and they were scheduling out months from now, a quick call to Trinia would get me in when needed. I appreciated that attention. Competent, caring and loving. When Ben was born I can remember how excited she was to show me pictures. Every visit I got to see Ben as he was growing up. I live in California now but always make a stop at their office part of my return trip. Last one months ago, the minute I came out of the exam room she rushed over with the current picture of Ben. What a friend, mother and wife. I'm so sad that this beautiful human being is gone in body but she will forever be a part of my life's experience. Jim Kane

“ Trina was just a beautiful person. I had the pleasure of working with Trina at Perimeter Dermatology. If you needed help with something you could call on her and she would be there willingly. I am pleased to call her a friend and sister in christ. We had an angel on earth that looked after everyone she came in contact with. Jesus needed his angel back in heaven and now she will continue to look after us from above. Until we meet again Trina, Rest in heaven.

“ I met Trina in 1994 when I began working in the office that Dr. Cox and Dr. Stewart Wiegand shared. For several years I had the privilege of working in the same office and later in the side by side with Trina. She was the most reliable, unflappable and steady co-worker that kept us all on track. She was loved by patients and staff alike and will be missed terribly. I have many fond memories of her and the work and jokes we shared. Condolences from Bill and me to Ben, Tom and the entire staff, past and present, of Perimeter Dermatology.

“ Trina was the most reliable, kindhearted, and considerate person I have ever met. She had a memory for everything. I had the privilege of meeting Trina over 14 years ago as I was welcomed aboard the Perimeter Dermatology team. She was always willing to help anyone and would bend over backwards for the patients. She was a wonderful mother and wife, as well as a friend to many. She will be missed dearly as this office will never be the same. Rest in peace my dear friend and be that angel to watch over us!!
