“ Clyde and I met in Norman Oklahoma at the University of Oklahoma Adult Learning Center in 1974. We Stayed in touch and when I was hired by the University of South Carolina, I worked directly with him developing systematic plans for his various departments at the Georgia Office of Offender Rehabilitation.

We lost touch with each other for a while, and Nanon Russel got us back in touch. Clyde's passing has been like a loss of a family member. I loved him and still do, as a brother. My thoughts and prayers go out to his family. Clyde was a one in a million friend.

“ I worked in J's Drugs in Hawkinsville when I was 19 yrs. old. "Clyde" was a regular customer. One day,he came up to the counter where all of us were standing. I don't remember how the subject came up, but we started talking about birth, and what the baby would say if he could talk. He told us that he remembered being born! He seemed very serious and I've always wondered about that. It sure gave us plenty to talk about.

“ Mary Ann. We are sorry to hear of Clyde’s death. Clyde tied me to a long ago childhood when I thought he and Reggie were so cool at age eleven... like the day they were on the roof of the house “helping” install the new TV antenna. We offer our condolences. You are in our prayers.

“ My family and I only had the pleasure of knowing Clyde over the last five years. We moved in next door and quickly became close friends. We have nothing but great memories. I can not count the amount times he helped me out in that short time. I still remember the day my wife went in to labor with our second born and I ran next door and ask if he could house sit with our youngest as we rushed to the hospital. It was late and he answered in his underwear and said "no problem let me get some pants on". He was like our adopter grandparent. He constantly was spoiling us and our children with love, treats and even homemade ice cream constantly over the summers. He always treated us like family, as if we were his own. We could not have ask for a better neighbor and friend. The Vollenweider Family.

“ Saddened to hear of Mr.Arnspiger's passing. The class of 1976 so enjoyed seeing him at our 40th reunion. He captured precious memories for us there and in the past. I also enjoyed touching base with him over the years. Prayers for comfort as the family grieves this great loss.

“ Clyde, Jim Jester, and I commuted to UGA together from Macon from 1974-1976. These were such fun times! In the past 10 years, the 3 of us met for lunch 3-4 times with Dave Otto and others. Clyde and I stayed in contact on Facebook. He was always willing to meet up with our group and so supportive of his friends' endeavors. He really seemed to enjoy his life, his family, and people. His death has been a shock since none of us in Corrections was aware he was sick and it saddens me that we were unable to offer words of comfort and caring to him. Clyde's wife, son, and other family members are in my thoughts and prayers. Clyde was a wonderful man.

“ Mary Ann & family,
Please accept my heartfelt sympathy, thoughts & prayers in the passing of Clyde. I was so shocked to learn of his death late yesterday, as I had not heard of him being ill. I truly enjoyed working with Clyde & learning what a brilliant man he was. He was a wonderful, kind man & earned respect & friendship very easily. May God Bless you & wrap His loving arms around you during this time of sadness. Sandy Lack (aka Williams)
